Subject: ACTION - Margie Rose follow up
Date: Tuesday, September 5, 2017 5:40:16 PM

I finally got a call back from Margie Rose. It turns out she's the City Mgr for Corpus Christi.

When the Administrator and Sam visited on 8/30, she said, EPA offered to bring together the CC mayor and county judge with EPA to talk about collecting solid waste items without separating them.

I told Ms. Rose I would pass this info on to y'all and that we would get back to her. I apologized for the delay in connecting and explained that we didn't have the correct number for her.
